

Silent Auction Donation

A Silent Auction will be one of the primary components of our June 19th Benefit at the Mill House Antiques. We are soliciting a variety of items, from fine art and fishing equipment, to spa packages and complementary restaurants meals. By donating items for the silent auction, contributors will not only help support PRWC's work to ensure access to pure and plentiful water, but will show their corporate "good citizenship" at the local community level, where it is so needed. Silent auction contributors will receive recognition in printed materials for the Benefit and on the PRWC website.

Please print clearly.
